Pre-application to new sand quarry for gravel and minerals Goodyhills Quarry C2019 5 miles north of Aspatria Goodyhills, Mawbray CA15 6QX

6. The cross over period from closing off High House Quarry could be two years until Goodyhills Quarry is fully running with infrastructure in place, concern about the movement of sand along the B5301 pinch points Overby and Aikshaw more wagons on the road, at present many Harrison's wagons go through Abbeytown whereas Armstrong's o towards Silloth using the Overby entrance onto the B5301 or Aspatria using Aikshaw junction onto B5301 missing the narrow point at Aikshaw Cottages
